

Public Lecture

Physics Perspective of Life

By

Prof. Dr. Tieshan Wang

Director, Institute of Radiation Physics and Material
School of Nuclear Science and Technology, Lanzhou University;
Lanzhou, China

Abstract

This talk summarizes a series of online courses on physics perspective of life to interpret life, society, love, family, study, work and nature by using the principles of physics. In-addition, an introduction of Chinese research & university education system and Chinese scholarships for overseas students who are interested in receiving education from China, especially those interested in Lanzhou University will be discussed in this lecture.

Date: Thursday, 8 August 2019

Time: 10:30 AM, Guest should be seated by 10:15 AM

Venue: Ishfaq Ahmad Auditorium, National Centre for Physics, Islamabad
