

International Workshop on Nanomaterials for Energy Conversion, Emerging Photovoltaic and Optoelectronic Technologies (NEEPO-20)

Day 1: Monday, 7th September 2020				
PST (Pak. St Time)	Local Time	Speaker	University/Institute	Topic
09:30 - 9:50	<i>Connection and Testing</i>			
09:50 - 10:10		Opening Remarks		
10:10 - 10:50	14:10-14:50	Prof. Junsin Yi (Opening Talk)	Sungkyunkwan University, South Korea	High efficiency Si solar cells: Recent developments and outlook
10.50 - 11:00	<i>Break</i>			
11:00 - 11:35		TBD		Introduction to semiconductor devices
11:35 - 12:10	8:35-9:10	Prof. Lukas Schmidt Mende	University of Konstanz, Germany	Hybrid nanostructures for energy applications
12:10 - 12:45	9:10-9:45	Prof. Micheal Saliba	University of Stuttgart, Germany	Perovskite solar cells: The versatility of multicomponent perovskites
12:45 - 13:30	<i>Break</i>			
13:30 - 14:05	11:30-12:05	Assistant Prof. Syed Ghufran Hashmi	University of Oulu, Finland	Printable Photovoltaic Devices
14:05 - 15:45		Young Researchers Session-1		
Day 2: Tuesday, 8th September 2020				
09:15 - 09:50	12:15-12:50	Prof. Kong Liu	Institute of Semiconductors, Chinese Academy of Sciences, China	Perovskite/Silicon Tandem Solar Cells
09:50 - 10:20		Dr. Azhar Fakhruddin	University of Konstanz, Germany	Perovskite Based Optoelectronic Devices
10.20 - 11:15		TBD		Fundamentals of semiconductor devices
11.15 - 11:30	<i>Break</i>			
11:30 - 13:30		Young Researchers Session-2		
13:30 - 14:00	<i>Break</i>			
14:00 - 15:30	<i>Poster Session</i>			
15:30	<i>Closing</i>			

*Posters of the workshop can be seen at following link before the start of the workshop:

<https://indico.ncp.edu.pk/indico/materialDisplay.py?materialId=poster&confId=154>

Instructions for participants

1. Microsoft Teams software will be used as platform for online talks of the workshop.
2. A separate invitation has been sent to shortlisted participants for joining the workshop.
3. Please use your “**Registration ID+ full name**” for joining the MS team. Anonymous entries and non-registered participants will not allowed to attend the sessions.
4. Once you are in the lobby, please avoid creating new meetings, join the already created meeting which is in progress.
5. Please join the meeting with your Video and Audio switched off (**muted**) and keep it muted during whole sessions.
6. Please use the raise hand option on MS Teams if you have any scientific questions/query.
7. For technical queries please use the WhatsApp/Cell numbers already shared to registered participants.
